

CLEANING AGREEMENT

Name: _____

Look over the cleaning tasks for each scenario. Use the information from each story cell to note down in the tables overleaf, the 'new' cleaning tasks you want to use in your own household. Describe each task and also say why you chose each job.

You can create as many 'new' practices as you want, but try to be realistic about what you will actually do in a month. And remember, you may choose to mix and match elements to make a way of doing things that suits your own household.

On the last page, please note on the calendar when and how often you will carry out your new cleaning regime.
